Observe any warnings on packaging. Avoid contact with eyes or facial skin. Only mix and use in well ventilated rooms. Avoid intensive inhalation. Reseal container after use. Use immediately after mixing with oxidizing agent. Dispose of any left-over liquid immediately on completion of color treatment. Store in a cool and dry place (room temperature).

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

None.

8.2. Exposure controls

No information available. However, do not smoke, do not eat. It is recommended to wash hands after working with the product.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties (e.g. black)

Appearance: Cream

Color: grey

Odor: characteristic

pH (20°C, electrode): 7.6 – 8.7

Density (20°C): 0.9500 – 0.9900 [g/ml]

9.2. Other information

None.

SECTION 10: Stability and reactivity

10.1. Reactivity

Oxidizing dye which dyes various materials exposed to. Do not store the dye after it has been mixed with developer.

10.2. Chemical stability

The product is stable if used and stored as intended.

10.3. Possibility of hazardous reactions

No hazardous reactions if used as intended.

10.4. Conditions to avoid

See section 7.

10.5. Incompatible materials

Not known.

10.6. Hazardous decomposition products

No decomposition products if used as intended.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

SECTION 12: Ecological information

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

SECTION 14: Transport information:

Cosmetic- Not classified as dangerous good.

SECTION 15: Regulatory Information:

Cosmetic product. To comply with Cosmetic Directive (EC) No 1223/2009.
Regulated by 2009/134/EC. Annex III/8
